Abstracts for scientific paper (200 words max) have to be submitted before March 25th 2011 in order to be considered for presentations (8 minutes). Authors of accepted abstracts will receive notification of acceptance by 31st March 2011.
On-line form can be found on www.ceus.cz.

Dear colleagues!

Contrast enhanced ultrasound imaging (CEUS) becomes more and more an indispensable part of the good radiological practice not only in large university departments, but in smaller hospitals units indeed. Despite already very well established standards in liver and kidney CEUS imaging there is still many other fields for investigation and improving this kind of procedure and I hope, that our symposium will help you find and put in practice the best CEUS algorithms.

Assoc.prof. Marek Mechl, MD, PhD, MBA
President of The Czech Radiological Society

PROGRAMME

Friday 15. 4. 2011

Registration 15.30 – 17.30

Official Opening 16.00
